Hi Lisa: I don't think we have those remarks for the hearings for either Valois (or myself). I think it is important for both of us to speak so that everyone will know our particular role and position with EPA.

We would welcome your help on this!

Subject: Comm strat

Hi there – do we have a revised comm strat? I want to get the most recent version as I think Douglas was revising recently.

I think we need to think carefully about (and write) opening remarks for the hearings – which will be critical for setting the tone we want - and talking points for the presentations/info sessions. I don't recall seeing that....apologies if I'm forgetting!
